Occupation

2020–Present **Postdoctoral Researcher**, *Institute of Molecular Biology, Academia Sinica*, Taipei, Taiwan

Education

2013–2020 **Ph.D**, *National Chiao Tung University*, Hsinchu
Super-resolution Pump-Probe Imaging; Transient Absorption Microscopy – SEM Mapping

2008–2010 **Master Degree**, *University of Semnan*, Semnan, Iran

2003–2008 **Bachelors Degree**, *Shahid Beheshti University*, Tehran, Iran

Projects & Research

2020–Present Study the neural encoding of space by two-photon imaging technique in a virtual reality system.

2017–2020 Mapping transient absorption images on SEM images

2014–2017 Constructing a pump-probe microscope for super-resolution imaging of nanoparticles

2017–2018 Construction of SS-PL system with TE-Cooled PD and demodulated with lockin amplifier for NIR region as sensitive as photon counting PMT in visible region

2016–2017 Design, simulation, print, assembly and test of tuned amplifier circuit as a cost effective replacement of lock-in amplifier

2013–2014 Femtosecond relaxation studies on perovskite solar cells

2010–2012 Rietveld refinement XRD analysis to Determine Composition Value in $\text{ZnS}_x\text{Se}_{1-x}$ Single Crystals grown by CVT

2008–2010 Simulation, growth and characterization of single II–IV crystals by chemical vapor transport (CVT) through Chernov bulk diffusion model

Experiences

2020–Present Building a two-photon laser scanning microscope integrated with a virtual reality environment that detects virtual swim events by a torque/force sensor

2018–2020 Handling and operating scanning electron microscope

2013–2020 Setting up ultrafast pump-probe laser scanning microscope

2013–2020 Ultrafast laser spectroscopy and microscopy studies in solar photovoltaic lab (NCTU)

2008–2011 CVT Crystal Growth optimization at University of Semnan

Rewards and Honors

2021 “2021 2nd Session Academia Sinica Postdoctoral Research Scholars” for a 2 year funding.

2020 Top publication award for “A Direct Mapping Approach to Understand Carrier Relaxation Dynamics in Varied Regions of a Polycrystalline Perovskite Film”

2020 Top publication award for “Label-Free Optical Microscope Based on a Phase-Modulated Femtosecond Pump–Probe Approach with Subdiffraction Resolution”

- 2018 Top publication award for “Slow surface passivation and crystal relaxation with additives to improve device performance and durability for tin-based perovskite solar cells”
- 2013–2020 Rewarded NCTU Scholarship and tuition waver for during PhD program
- 2008–2010 Rewarded Governmental Academic Scholarship for Master’s Degree
- 2003–2007 Rewarded Governmental Academic Scholarship for Bachelor’s Degree

Conference Attended

- December, 2018 **Annual Meeting of Taiwan Photonics Society**,
NCTU (Tainan campus), Taiwan
- March, 2012 **4th International Conference on Nanostructures (ICNS4)**,
Kish Island, Iran
- September, 2010 **Annual Physics Conference of Iran** held by the Physics Society of Iran,
Bu-Ali Sina University, Hamedan, Iran
- January, 2009 **Symposium on Quantum Computing and Quantum Information Processing and Experimental Aspects of Quantum Computing**,
Shahid Beheshti University (IRI) and Kinki University (JPA)- Tehran, Iran

Technical Skills

Computer

- Programming in MATLAB, LabVIEW, Also familiar with R, python and java script
- Typesetting with T_EX & L^AT_EX Engine
- Image Processing in ImageJ, Photoshop, Inkscape
- XRD data analysis with FullProf Suit, MAUD

Scientific Instruments

- Calibration and maintainance of multi-zone box and tube furnaces
- Steady state photoluminescence and UV-Vis measurements
- Construction of femtosecond and nanosecond transient absorption spectroscopy systems and related measurements
- Construction of femtosecond pump-probe microscopy and related image processing
- Design, simulation and printing of electronic filters
- Programming scientific acquisition systems with photodiode, PMT, APD, EM-CCD and iCCD as a detector

Languages

Persian	Native	
English	Fluent; iBT score: 95	
Spanish	Intermediate	<i>Español</i>
German	Intermediate	<i>Deutsch</i>
Morse Code	Intermediate.	-- --- .-. -.-. --- --. .
Chinese	Beginner	華語
